Contributed to real-world projects by coding responsive websites using HTML, CSS, JavaScript and front-end frame works. Collaborated with design teams to translate UI/UX designs from Figma into functional web pages and mobile apps. Optimized performance and ensured cross-browser compatibility, enhancing user experience.

## CORE COMPETENCIES

Front-End Development | UI/UX Designer | Team Work | Leadership | Excellent communication skills

## SKILLS

### Programming Languages & IDEs

Java | SQL(MySQL) | HTML | CSS | Java Script | Node.js | MongoDB | IntelliJ IDEs | WebStorm | VS Code

### Frameworks

Spring Boot | React | Tailwind CSS | React Native

## PROJECTS

### Juice Bar Management System

- Developed a Juice Bar management system with JavaFX, MySQL, and CSS, using MVC and layered architecture.
- Designed user-friendly interfaces for efficient business operations. [View Design](#)

### JourneyFlex

- Developed a mobile application using React Native and Spring Boot.
- Designed the UI/UX with Figma, ensuring a seamless user experience. [View Figma Design](#)
- Managed data with MySQL for efficient storage and retrieval.

### Wildlife Management System

- Developed a system for managing wildlife data and tracking using JavaFX and MongoDB.
- Designed an interactive user interface with JavaFX. [View Design](#)

### Personal Portfolio Website

- Developed a responsive portfolio website using React.js with dynamic components and interactive features.
- Designed the UI and layout in Figma, ensuring a cohesive and engaging user experience.
- Optimized performance and navigation, effectively showcasing projects and skills. [View Figma Design](#).

### Pizza Hut Mobile App

- Developed a Pizza Hut mobile app using React Native, focusing on a smooth and responsive user experience.
- Designed the UI/UX in Figma, ensuring an intuitive and visually appealing interface. [View Figma Design](#)

## EDUCATIONS

### University of Bolton (UK) (Pending)

- Majors: Analytics and Project Management 2026

### Institute of Software Engineering (IJSE)

- Graduate Diploma in Software Engineering Sept 2022-Present

### Agamethi Balika Vidyalaya - Panadura

- G.C.E Ordinary Level Examination 2022
